

Hi Everyone,

For several months the dome on the capitol building was under renovation. Last fall the renovations were completed and the results are beautiful and shiny. I walk by the capitol building everyday on my way home from work and everyday I'm amazed at how great the dome looks.

The renovations on the dome and their completion remind me so much of home repairs. Could your house do with a little renovation? If so we've got a great product, our home equity line of credit, to help you with your renovations. And even better, we've got a great

employee to help you with your home equity line of credit. Her name is Octavia and she's the person to call if you want a home equity line of credit or, for that matter, a second mortgage. Octavia can help you decide what type of mortgage loan is right for you. Her direct line is 202-808-3624. Give her a call when you're ready to start those home repairs.

Till Next Time,
Evan Clark
President and CEO

consolidate and save!

Consolidate your credit card balances with our low rate VISA. We're here to help you save money monthly and pay down your debt faster!
