Performance Checking	Refer to Rate Schedule	Monthly	Monthly	Calendar Month	—	—	—	Maximum Balance of \$20,000	—

ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. **Rate Information.** The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For all accounts, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period.

For **Performance Checking** accounts, you may qualify for the stated dividend rate and annual percentage yield if you meet service requirements during the calendar month. To meet minimum service requirements, you must: 1) make twelve (12) debit card transactions (signature or POS) a month for a total of \$100.00 or more; 2) log on to Mobile or Online Banking at least once a month; 3) have one direct deposit. Dividends will be paid for balances of \$20,000.00 or less. Balances over \$20,000.01 will not earn dividends. If one of the service requirements are not met during the calendar month dividends will not be paid.
2. **Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.
3. **Dividend Compounding and Crediting.** The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.
4. **Accrual of Dividends.** For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For Performance Checking accounts, if you close your account before accrued dividends are credited, you will not receive the accrued dividends.
5. **Balance Information.** To open any account, you must deposit or already have on deposit the minimum required share(s) in any account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Share Savings, Money Market, Organizational Savings and Share Savings with Checking accounts, there is a minimum daily balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum daily balance is not met, you will not earn the stated Annual Percentage Yield. There is no minimum balance requirement applicable for the Performance Checking account. For accounts using the Daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day.

FEDERAL CREDIT UNION

6. **Account Limitations.** For Share Savings, Capital Money Market, Club Savings and Organizational Savings accounts, no more than six (6) preauthorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month, and of these six (6) transfers may be made by check, draft, or debit card to a third party. If you exceed these limitations, your account may be subject to a fee or be closed. For Share Savings accounts, six (6) withdrawals per month are allowed after which a fee will be imposed. For Performance Checking accounts, no account limitations apply.
7. **Fees for Overdrawing Accounts.** Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit card transaction (if member has consented to overdraft protection plan for ATM and one time debit card transactions), preauthorized automatic debit, telephone-initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft, or item. You may consult the Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item, or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to the [Fee Schedule](#) for current fee information.

For ATM and one-time debit card transactions, you must consent to the Credit Union's overdraft protection plan in order for the transaction amount to be covered under the plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the credit union uses to capture the member's opt-in choice for overdraft protection and the Schedule of Fees and Charges.
